The New Ecumenism

Understand how ecumenism works - before it's too late!

The *New Ecumenism* series is a fast-moving treatment of the origin, extension, and consummation of the ecumenical movement. Most folks don't understand that Satan's mystery of iniquity and his ecumenical program (which he introduced before the fall of man) are essentially the same. While we do not focus on Satan, we are not to be ignorant of his snares and traps. This is the most important series we have ever done and worth your time. The New Ecumenism series is media intensive.

*These are the topics in the complete series. Jim will cover four altogether: the first & last – the other two will be chosen by attendees.

Episode 1 - The Origins of Ecumenism

Episode 2 - Ecumenism's Glory Days
